Other members of their household (including any siblings and members of their support or childcare bubble if they have one) should self-isolate. Isolation period includes the day symptoms started for the first person in their household, or the day their test was taken if they did not have symptoms, whether this was a Lateral Flow Device (LFD) or Polymerase Chain Reaction (PCR) test), and the next 10 full days.

If anyone tests positive whilst not experiencing symptoms but develop symptoms during the isolation period, they must restart the 10 day isolation period from the day they developed symptoms.

If a child is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age and needs of the child, with appropriate adult supervision if required.

Ideally, a window should be opened for ventilation.

If it is not possible to isolate them, move them to an

Advise them to arrange to have a test as soon as possible to see if they have coronavirus (COVID-19)

Front office has been organised as an isolation room. This is ventilated. Children will access this via the front door of the school. This will reduced contact points.

Both pupils and staff in secondary schools will be supplied with LFD test kits to self swab and test themselves twice a week at home.

Primary Staff

Staff will use home test kits.

Negative LFT test result – Individuals can continue to attend school/nursery, follow guidance and use protective measures.

Positive LFT test result –

- **INDIVIDUALS WITH A POSITIVE LFT RESULT WILL NEED TO SELF-ISOLATE IMMEDIATELY IN LINE WITH THE STAY-AT-HOME GUIDANCE.**
- They must report their results to NHS Test and Trace as soon as the test is complete
- They must also inform the school/nursery of their result so the school can identify close contacts and start the self-isolation process.
- Close contacts must begin their isolation period following the positive LFT.
- Primary staff using home test kits should book a confirmatory PCR test online, then continue to isolate for 10 days unless a negative PCR result is received.
- The staff member must also inform the school/nursery of a positive PCR result.
- Secondary staff and pupils who have been tested in school do not need a confirmation PCR test.

Void LFT test result –
